

# Self-managed super funds

Self-managed super funds (SMSFs) are a way of saving for your retirement.

Changes to the super system announced by the Government in the May 2016 Budget are now proceeding. Check the changes, via the link below, to see how these changes impact SMSFs and their members.

The difference between an SMSF and other types of funds is that the members of an SMSF are usually also the trustees. This means the members of the SMSF run it for their benefit and are responsible for complying with the super and tax laws.
